

AUNG ONE PLATFORM PRIVACY POLICY

Last Updated: 18TH June, 2026

1. Introduction

AUNG Solutions Nigeria Limited ("AUNG", "we", "our", or "us") respects and protects the privacy of all users of the AUNG ONE Platform.

This Privacy Policy explains how AUNG collects, uses, stores, processes, shares, protects, and manages personal information obtained through the AUNG ONE Platform and related services.

The AUNG ONE Platform is a community transaction management, estate administration, access authorization, visitor management, and digital payment facilitation platform designed for use within residential estates, gated communities, organized properties, and similar communities.

By accessing, registering for, or using the AUNG ONE Platform, you acknowledge that you have read, understood, and agree to the collection and processing of your information in accordance with this Privacy Policy.

2. Scope of this Policy

This Privacy Policy applies to:

- Estate administrators;
- Property management companies;
- Residents;
- Occupants;
- Visitors;
- Service personnel;
- Vendors;
- Security personnel;
- Estate employees; and
- Any individual or organization using the AUNG ONE Platform.

This Policy applies to all information collected through:

- Mobile applications;
- Web applications;

- Estate administration portals;
- Resident portals;
- Visitor management systems;
- Payment systems;
- Customer support channels; and
- Related digital services operated by AUNG.

3. Data Controller and Data Processor Roles

For purposes of applicable data protection laws, including the Nigeria Data Protection Act (NDPA):

Estate as Data Controller

The participating Estate generally acts as the Data Controller in respect of resident, visitor, and estate operational data processed through the platform.

The Estate determines:

- what data is collected;
- why the data is collected;
- who may access the data; and
- how the data is used within the Estate.

AUNG as Data Processor

AUNG generally acts as a Data Processor, processing information solely for:

- platform operation;
- service delivery;
- maintenance;
- technical support;
- security monitoring;
- compliance requirements; and
- other lawful purposes authorized by the Estate.

Where AUNG independently determines the purpose and means of processing certain data, AUNG may act as an independent Data Controller for those specific activities.

4. Information We Collect

We may collect the following categories of information:

4.1 Identity Information

- Full name
- Resident ID
- Apartment or house number
- Estate identification details
- National identification information where required
- Photographs or profile images
- Agent Details

4.2 Contact Information

- Email address
- Mobile telephone number
- Emergency contact information
- Communication preferences

4.3 Account Information

- Username
- Passwords (encrypted)
- Authentication credentials
- Device identifiers
- Login records

4.4 Payment Information

- Payment history
- Transaction records
- Wallet information
- Subscription records

- Service charge records

4.4 Payment Information

AUNG may collect and process payment-related information necessary to facilitate transactions conducted through the AUNG ONE Platform, including transaction references, payment status, payment amounts, timestamps, subscription records, service charge records, wallet balances, and other transaction metadata.

All card payments made through the AUNG ONE Platform are processed by licensed third-party payment gateways and payment service providers that are responsible for the secure collection, transmission, storage, processing, and protection of payment card information in accordance with applicable laws, regulations, and Payment Card Industry Data Security Standards (PCI-DSS).

AUNG does not collect, store, retain, or have access to complete debit card, credit card, CVV, PIN, or other sensitive payment card credentials submitted during payment transactions.

Any payment card information provided by users is transmitted directly to the applicable payment gateway or payment processor through secure channels and is subject to the privacy policies, security standards, and regulatory obligations of such third-party providers.

While AUNG exercises reasonable care in selecting reputable payment service providers, AUNG shall not be responsible for the storage, security, processing, transmission, unauthorized access to, or misuse of payment card information occurring within the systems, infrastructure, or services of third-party payment processors, except to the extent required by applicable law.

By using the AUNG ONE Platform, users acknowledge and agree that payment transactions may be subject to the terms, conditions, privacy policies, and security practices of the applicable payment gateway or payment processor.

Additional Protection Clause (Recommended)

Third-Party Payment Services

The AUNG ONE Platform may integrate with third-party payment gateways, banks, financial institutions, wallet providers, and payment processors to facilitate transactions. Such third-party providers operate independently of AUNG and are solely responsible for their services, systems, security controls, regulatory compliance, and transaction processing activities.

AUNG makes no representation or warranty regarding the uninterrupted availability, security, accuracy, or performance of any third-party payment service and shall not be liable for any delay, failure, chargeback, declined transaction, unauthorized transaction, system outage, processing error, or security incident arising from or attributable to any third-party payment provider.

4.5 Visitor Information

- Visitor names
- Visitor phone numbers
- Access codes
- Entry and exit records
- Visit history

4.6 Technical Information

- IP addresses
- Browser type
- Device information
- Operating system
- Platform usage logs
- Access timestamps
- Error reports

4.7 Location Information

Where permitted by the user or device settings, limited location information may be collected for security, access verification, fraud prevention, or operational purposes.

5. How We Collect Information

Information may be collected:

- directly from users;
- through estate administrators;
- through visitor registration;
- through payment processing activities;
- through platform usage;
- through customer support interactions;
- through security monitoring systems;
- through cookies and similar technologies; and

- through lawful third-party integrations.

6. Lawful Basis for Processing

AUNG processes personal information only where there is a lawful basis to do so. This includes processing that is necessary for the performance of contractual obligations, compliance with applicable legal and regulatory requirements, the pursuit of legitimate business interests, estate security and access control management, fraud detection and prevention, the fulfillment of user consent where required, dispute resolution, the performance of obligations carried out in the public interest, and the protection of the vital interests of users, residents, visitors, participating estates, or other affected persons. AUNG shall process personal information only to the extent reasonably necessary for such purposes and in accordance with applicable data protection laws.

7. How We Use Information

AUNG may use personal information and other data collected through the AUNG ONE Platform for purposes including operating, maintaining, and improving the platform; providing platform features and related services; authenticating users and verifying identities; facilitating and administering payments; generating visitor access codes and authorization credentials; managing resident access and estate-related services; maintaining transaction records, audit trails, and access logs; detecting, preventing, and investigating fraud, abuse, or unauthorized activities; enforcing estate policies and platform rules; providing customer support and responding to inquiries; enhancing platform functionality, security, and user experience; complying with legal, regulatory, and contractual obligations; investigating security incidents and operational issues; protecting the integrity, reliability, and security of the platform; conducting analytics, reporting, and performance monitoring; and communicating service-related updates, notices, alerts, announcements, and other operational communications necessary for the provision and administration of the AUNG ONE Platform.

8. Sharing of Information

AUNG may share personal information and related data with participating Estate Administrators for community management, resident administration, access control, security operations, payment enforcement, and other estate-related purposes; with trusted third-party service providers engaged to support the operation of the AUNG ONE Platform, including cloud hosting providers, payment processors, messaging and communication providers, cybersecurity service providers, infrastructure vendors, and other technology partners; and with courts, regulatory authorities, law enforcement agencies, governmental bodies, or other competent authorities where disclosure is required by applicable law, court order, regulatory directive, legal process, or lawful investigation. AUNG may

also disclose or transfer information in connection with a merger, acquisition, investment, financing transaction, corporate restructuring, business reorganization, sale of assets, or similar corporate transaction involving AUNG or the AUNG ONE Platform, provided that any successor, acquirer, or transferee shall be required to maintain appropriate safeguards and obligations substantially similar to those contained in this Privacy Policy. AUNG does not sell users' personal information to third parties and shall only share information where reasonably necessary for lawful business, operational, security, regulatory, or contractual purposes.

9. Data Security

AUNG implements commercially reasonable administrative, technical, and organizational security measures designed to protect personal information against unauthorized access, disclosure, alteration, loss, misuse, or destruction. Such measures may include encryption technologies, secure authentication mechanisms, role-based access controls, audit logging, network security protections, continuous system monitoring, backup and recovery procedures, and confidentiality obligations applicable to employees, contractors, and service providers with authorized access to data.

While AUNG is committed to maintaining appropriate security standards and regularly improving its security practices, no electronic system, network, software application, cloud infrastructure, or method of data transmission can be guaranteed to be completely secure or immune from cyber threats. Accordingly, AUNG does not warrant or guarantee that unauthorized access, cyberattacks, data breaches, service interruptions, system failures, or other security incidents will never occur and shall not be liable for incidents arising from circumstances beyond its reasonable control, including acts of third parties, internet or telecommunications failures, force majeure events, or vulnerabilities in third-party systems and infrastructure.

10. Data Retention

AUNG retains personal information and related records only for as long as reasonably necessary to provide and support the AUNG ONE Platform, fulfill contractual and operational obligations, comply with applicable legal and regulatory requirements, resolve disputes, enforce agreements, maintain audit trails and transaction records, protect the rights and interests of AUNG, participating estates, and users, and support fraud prevention, security, compliance, and risk management activities. Upon the expiration of the applicable retention period, information may be securely deleted, anonymized, or archived in accordance with applicable laws and internal policies. Notwithstanding account closure, termination of services, or cessation of platform use, AUNG reserves the right to retain certain records where reasonably necessary for legal, regulatory, evidentiary, security, operational, fraud prevention, dispute resolution, or business continuity purposes, to the extent permitted by applicable law.

11. User Rights

Subject to applicable data protection laws, users may have certain rights in relation to their personal information, including the right to access personal data held about them, request correction of inaccurate or incomplete information, request deletion of data where legally permissible, restrict or object to certain processing activities, request the portability of their information, and withdraw consent where processing is based on consent. Users may submit requests relating to their personal information by contacting privacy@aungsolutions.com. To protect the privacy, security, and rights of users and third parties, AUNG reserves the right to verify the identity and authority of any person making a request and may decline, limit, or defer requests where permitted by applicable law, where the request is manifestly unfounded or excessive, or where compliance would adversely affect legal obligations, security requirements, the rights of other individuals, ongoing investigations, contractual obligations, or the integrity and operation of the AUNG ONE Platform.

12. Cookies and Analytics

The AUNG ONE Platform may use cookies, session identifiers, analytics technologies, device recognition tools, and performance monitoring technologies to facilitate platform functionality, enhance security, authenticate users, detect and prevent fraud, improve user experience, analyze platform usage, monitor performance, and support the reliability and efficiency of services. These technologies may collect certain technical and usage information automatically when users interact with the Platform. Users may manage or disable cookies and similar technologies through their browser or device settings; however, doing so may limit, impair, or prevent access to certain features, functionalities, or services of the Platform. By continuing to use the AUNG ONE Platform, users acknowledge and consent to the use of such technologies as described in this Privacy Policy, to the extent permitted by applicable law.

13. International Data Transfers

AUNG may process, host, store, back up, or transfer personal information on servers, cloud infrastructure, or systems located outside the Federal Republic of Nigeria where reasonably necessary for platform operations, service delivery, disaster recovery, security, technical support, or business continuity purposes. Where such international transfers occur, AUNG shall implement commercially reasonable safeguards and take appropriate measures designed to ensure that personal information receives a level of protection consistent with applicable data protection laws. By using the AUNG ONE Platform, users acknowledge and consent to the transfer, storage, and processing of their information in jurisdictions outside Nigeria where necessary for the provision and operation of the platform. AUNG shall not be liable for acts, omissions, regulatory actions, or legal requirements applicable to third-party service providers operating within such jurisdictions, provided that AUNG has exercised reasonable care in selecting and engaging such providers.

14. Children's Privacy

The Platform is not intended for use by children without appropriate parental, guardian, or estate authorization.

Where AUNG becomes aware that personal information has been collected unlawfully from a child, reasonable steps may be taken to remove such information.

15. Platform Monitoring & Security

To protect the security, integrity, availability, and lawful operation of the AUNG ONE Platform, participating estates, and platform users, AUNG reserves the right to monitor platform activity, review access logs and system records, investigate suspicious or unauthorized activities, detect and prevent fraud, abuse, security threats, or misuse, and enforce applicable platform rules, policies, and contractual obligations. Such monitoring may be conducted through automated systems, security tools, audit logs, analytics technologies, and other lawful means reasonably necessary to maintain platform security and operational reliability. By accessing or using the AUNG ONE Platform, users acknowledge and consent to such monitoring to the extent permitted by applicable law. Nothing in this clause shall obligate AUNG to monitor all user activity or guarantee the detection, prevention, or elimination of all unauthorized, fraudulent, or unlawful conduct, and AUNG shall not be liable for activities that occur despite the implementation of reasonable monitoring and security measures.

16. Limitation of Liability

To the fullest extent permitted by applicable law, AUNG shall not be liable for any loss, damage, liability, cost, expense, claim, or harm arising from unauthorized access resulting from a user's failure to maintain the security of their account or credentials, disclosures or actions attributable to a participating Estate, internet or telecommunications failures, third-party infrastructure or service provider failures, cyberattacks or security incidents beyond AUNG's reasonable control, force majeure events, or the acts, omissions, decisions, misconduct, or negligence of residents, visitors, service providers, security personnel, estate administrators, or other third parties. AUNG provides the AUNG ONE Platform on an "as available" basis and does not guarantee uninterrupted, error-free, or completely secure operation of the platform. AUNG's obligations with respect to privacy and data protection are limited to implementing commercially reasonable administrative, technical, and organizational safeguards consistent with industry standards, applicable laws, and the nature of the services provided. Except where prohibited by law or arising directly from AUNG's fraud or willful misconduct, AUNG shall not be responsible for indirect, incidental, consequential, special, exemplary, or punitive damages, including loss of data, revenue, profits, business opportunities, goodwill, or anticipated savings.

17. Data Breach Response

In the event of a suspected, actual, or reasonably believed data security incident, unauthorized access, disclosure, loss, alteration, or compromise of personal information, AUNG shall take commercially reasonable steps, where required by applicable law, to investigate the incident, assess its scope and potential impact, implement appropriate measures to mitigate risks and prevent further occurrences, notify affected parties and relevant stakeholders where legally required, and cooperate with competent regulatory authorities as applicable. AUNG reserves the right to determine the nature, timing, content, and method of any notification in accordance with applicable legal, regulatory, operational, and security considerations. Nothing in this Privacy Policy shall be construed as an admission of fault, negligence, liability, or wrongdoing by AUNG, and AUNG shall not be liable for any security incident arising from circumstances beyond its reasonable control, including acts of third parties, user negligence, force majeure events, or failures of external systems, networks, or service providers.

18. Regulatory Compliance

AUNG is committed to conducting its operations and processing personal information in accordance with the **Nigeria Data Protection Act (NDPA)**, applicable cybersecurity laws, lawful regulatory directives, and other relevant privacy, data protection, and information security requirements that may apply to its business and services. AUNG shall implement reasonable measures designed to support compliance with applicable legal and regulatory obligations; however, nothing in this Privacy Policy shall be construed as a representation, warranty, or guarantee of uninterrupted regulatory compliance by third parties, participating estates, users, service providers, or external systems beyond AUNG's reasonable control. AUNG reserves the right to disclose, process, retain, or transfer information where required to comply with applicable laws, regulatory obligations, lawful government requests, court orders, enforcement actions, or the protection of its legal rights, business interests, platform integrity, users, and participating estates.

19. Amendments to this Policy

AUNG reserves the right to modify, update, revise, or replace this Privacy Policy at any time to reflect changes in applicable laws, regulatory requirements, industry standards, business practices, platform functionality, security measures, or operational needs. Updated versions of this Privacy Policy may be communicated through the AUNG ONE Platform, email notifications, platform announcements, account dashboards, website publications, or other electronic communication channels deemed appropriate by AUNG. Unless otherwise required by law, any amendments shall become effective upon publication or on the effective date specified in the updated policy. Users are responsible for periodically reviewing this Privacy Policy to remain informed of any changes.

Continued access to or use of the AUNG ONE Platform after the publication or effective date of any revised Privacy Policy shall constitute the user's acknowledgment and acceptance of the updated terms. If a user does not agree to any amendment, the user's sole remedy shall be to discontinue use of the platform, subject to any outstanding obligations that may remain applicable.

20. Contact Information
